## MARYLAND PRIMARY ELECTION CANDIDATE SURVEY GENERAL ASSEMBLY DISTRICT 39

VOTE JUNE 11-18 (early voting) | JUNE 23 (Election Day)

### ABOUT THE SURVEYS

The Maryland Catholic Conference surveyed candidates seeking office in the General Assembly (as well as Governor and Congress; see separate documents).

Candidates could choose “agree” or “disagree” and/or provide a statement for these questions:

**ASSISTANCE TO THE POOR.** Funding in Maryland’s budget should be maintained, and when necessary, increased to provide low-income residents access to basic necessities, such as food, housing and healthcare.

**ENVIRONMENT.** The State of Maryland should support initiatives such as tax credits or grant programs to encourage Maryland residents, businesses and non-profits to reduce their carbon footprint.

**K-12 EDUCATIONAL OPTIONS.** The State of Maryland should continue to expand existing funding to provide scholarships for low-income students who wish to attend the K-12 nonpublic school best suited for their educational needs.

**PHYSICIAN ASSISTED SUICIDE/MEDICAL AID IN DYING.** In 1999, the Maryland General Assembly passed legislation making it a felony for an individual to assist in another individual’s suicide. Maryland should uphold the law in its current form and reject legislation to legalize the practice of physician-assisted suicide/medical aid in dying.

##### DISTRICT 39 DELEGATE CANDIDATES

39	D	George Lluberres	I believe this kind of decision must be based on compassion and dignity. When someone experiences severe suffering, from a terminal illness for example, I think they should have a right to make an end-of-life decision on their own accord. Of course, we must make every effort to expand healthcare access and affordability, so that this is not a default option. When it might be the option, it must also be carefully regulated.

##### DISTRICT 39 DELEGATE CANDIDATES

39	D	George Lluberres	I was raised in Dominican Republic, within a Catholic household so, the values of that upbringing are engrained in how I approach and see public service. Caring for others, supporting our families, and treating every person with dignity is at the core of my Access, Accountability, and Action message. From my time conducting research for my Ph.D., I also believe accountability is most important to ensure any government is working for the people. Those values and my expertise is what I commit to bringing to Annapolis.
